

CAREER OBJECTIVE

Passionate Computer Science Engineering student specializing in Artificial Intelligence, Machine Learning, Computer Vision, NLP, and Big Data Analytics. Experienced in developing real-time AI systems, flood prediction models, IoT-based solutions, and full-stack applications using technologies like PyTorch, TensorFlow, FastAPI, React, Hadoop, and Spark. Seeking opportunities to apply technical and analytical skills in innovative projects while contributing to organizational growth and continuous learning.

KEY EXPERTISE

artificial intelligence machine learning NLP deep learning computer vision powerbi tableau Database
Big Data Dashboards Data Analysis Data Collection Data Structures Data Visualization Data Science iot

EDUCATION

Navrachana University

2023 - 2027

B.Tech. - Computer Science & Engineering | CGPA: **8.55 / 10**

sigma institute, Vadodara

2023

Diploma | Diploma - Computer Engineering - Computer Engineering | GTU | CGPA: **9.86 / 10**

G

2021

10th | GSEB | Percentage: **76.83 / 100**

AWARDS AND SCHOLARSHIPS

- o Diploma Distinction Certificate- GTU
- o Academic Excellence Recognition for CGPA 9.86
- o Hackathon Project Appreciation — Mesh Works CEO

INTERNSHIPS

Lupin limited | Pharmaceutical

09 Sep, 2022 - 22 Sep, 2022

IT Intern

Key Skills:

problem solving communication skill IT OPERATION system handling Teamwork Time management
technical support information technology professional ethics

Completed internship in the IT Department at Lupin Limited as part of the engineering curriculum from 09 September 2022 to 22 September 2022. Worked on IT-related tasks, gained practical industry exposure, and developed professional communication and teamwork skills. Recognized for being sincere, hardworking, and regular during the internship period.

ACHIEVEMENTS

- o Published research paper at SustainX 2026 International Conference, CVM University
- o Achieved 98.89% accuracy in RAINWISE V3.1 multi-hazard flood detection system
- o Diploma Distinction with CGPA 9.86 and zero backlogs across all 8 semesters
- o AI Supplier Ranking Agent appreciated by CEO of Mesh Works during hackathon

ASSESSMENTS / CERTIFICATIONS

Data Analytics Job Simulation

Provider: Data Analytics Job Simulation

Key Skills:

Data Analysis Data Visualization Microsoft Excel Data Cleaning Business Analysis analytical thinking Problem Solving

Successfully completed Deloitte's Data Analytics Job Simulation on Forage, performing practical tasks involving data analysis and forensic technology. Developed analytical thinking and business problem-solving skills through real-world simulations.

python for datascience

Provider: IBM skill networks

Key Skills:

Python NumPy Pandas data science Data Analysis Jupyter Notebook

Earned IBM's Python for Data Science certification covering Python programming fundamentals, data analysis, and scientific computing using industry-standard libraries.

Introduction to Internet of Things

Provider: Cisco Networking Academy

Key Skills:

Internet of Things (IoT) Sensors Networking Digital Transformation Automation Artificial Intelligence Security

Completed Cisco Networking Academy's Introduction to Internet of Things course, learning IoT architecture, automation, digital transformation, networking concepts, and IoT security.

Data Analysis with Python

Provider: Cognitive Class (IBM)

Key Skills:

Python Pandas NumPy Matplotlib Data Analysis Data Visualization Data Cleaning

Successfully completed IBM Cognitive Class Data Analysis with Python course, covering data manipulation, visualization, statistical analysis, and exploratory data analysis using Python.

PERSONAL INTERESTS / HOBBIES

- Cooking
- Traveling
- Participate in competitive exam
- Listening music
- Teamwork collaboration
- Attending hackathon
- Learning new technologies
